30th Congress, 1st Session. [SENATE.] Executive, No. 39.

REPORT

OF THE

COMMISSIONER OF THE GENERAL LAND OFFICE,

COMMUNICATING

An abstract of permits granted under the acts for the armed occupation of Florida.

April 28, 1848.

Read, and ordered to be printed, and that 1,500 additional copies be printed for the General Land Office.

General Land Office, *April* 27, 1848.

Sir: In accordance with the directions in the resolution of the Senate, of the 3d instant, I have the honor to transmit, herewith, an abstract or list, marked No. 1, "of all permits granted under the acts for the armed occupation of Florida, specifying, in different columns, the number and date of each permit, names of settlers, designation of land, number of notice, date, person to whom permit was delivered, whether head of a family or single man; whether land designated was surveyed, and when, and if so, its designation by the surveys, and the cases which have been rejected or suspended, and the reasons therefor; and when and to whom lands included in permits have been sold by the United States, and in what cases settlers have availed themselves of the amendatory act of 1844;" also documents marked No. 2 to 24 inclusive, being copies of all instructions for the execution of these laws issued by this office.

In answer to the last clause of the resolution, I have the honor to enclose herewith a copy of the letter from this office, of the 12th April, 1848, to the chairman of the Committee of Public Lands of the Senate, with a copy of the bill therein referred to, the passage of which, it will be perceived, is recommended as just and necessary.

I have the honor to remain, very respectfully, your obedient servant,

RICHARD M. YOUNG,
Commissioner.

Hon. George M. Dallas,
President of the Senate.

No. 2.

Instructions under the act of 4th August, 1842, entitled "An act for the armed occupation and settlement of the unsettled part of the peninsula of East Florida."

GENERAL LAND OFFICE, *August* 25, 1842.

To the REGISTERS OF THE LAND OFFICES,
At St. Augustine and Newnansville, East Florida:

GENTLEMEN: Annexed is a copy of the act of Congress, approved on the 4th instant, entitled "An act to provide for the armed occupation and settlement of the unsettled part of the peninsula of East Florida."

"Any person being the head of a family, or single man over eighteen years of age, able to bear arms, who has made, or shall, *within one year* from and after the passage of this act, make an actual settlement within that part of Florida situate and being *south* of the line dividing townships numbers *nine* and *ten*, south, and east of the base [meridian] line, shall be entitled to one quarter section of land," on the conditions prescribed by the law, and which conditions are numbered in the act, first, second, third, and fourth.

The first condition is, "that said settler shall obtain, from the register of the land office in the district in which he proposes to settle, a PERMIT, describing, as particularly as may be practicable, the place where his or her settlement is intended to be made: *Provided*, that no person who shall be a resident of Florida at the time of the passage of this act, who shall be the owner of one hundred and sixty acres of land at the time he proposes to settle, shall be entitled to a permit from the register."

As our immediate action in the execution of this law is confined to the foregoing provisions contained in its first section, the present directions are restricted to the provisions of that section alone, leaving the other portions of the act, which are of prospective effect, (requiring certain future acts and proceedings on the part of the settler,) to be subjects of future instructions.

Your first duty, in executing the law, will be to require from the settler who applies for its benefits, a notice in writing, according to the following form, blanks for which are herewith furnished:

Under the provisions of the act of Congress, approved on the 4th day of August, A. D. 1842, entitled "An act to provide for the armed occupation and settlement of the unsettled part of the peninsula of East Florida"—

To all whom it may concern:

Notice is hereby given that, under the provisions of the act of Congress above cited, I, A. B., do hereby apply to the register of the proper land office for a *permit* to settle upon *one hundred and sixty acres* of unappropriated public land, lying south of the line

dividing townships numbered nine and ten, south of the base line, and situated as herein described.

I aver that I am, (*note* 1 *shows how this blank is to be filled,*) and that I became a resident of Florida in the month of ———, of the year ———. (*See note* 2.)

I aver that the settlement herein intended is not "within two miles of any permanent military post of the United States, established and garrisoned" at the time of such settlement, and that the same is not known or believed to interfere with any private claim that has been duly filed with any of the boards of commissioners, surveyed or unsurveyed, confirmed or unconfirmed. (*See note* 3.)

Given under my hand, this ——— day of ———, A. D. 184—.

To the Register of the Land Office,
At —— ——, *East Florida.*

Note 1.—This blank must be filled up in the words of the law, according to the circumstances of the case, thus:

"The head of a family," or "a single man over eighteen years of age, able to bear arms."

Note 2.—As the *first condition* of the first section of the law provides "that no person who shall be a resident of Florida at the time of the passage of this act, who shall be the owner of one hundred and sixty acres of land at the time he proposes to settle, shall be entitled to a *permit* from the register," it follows that, if the date with which this blank is filled shall be on the 4th day of August, 1842, (the day when the act was approved,) the settler must accompany his "*notice*" with some evidence that he is not the owner of one hundred and sixty acres of land, and that evidence will have to be his own affidavit, after the following or any other equivalent form:

FORM OF AFFIDAVIT.

I, A. B., being a settler in Florida, on the 4th August, 1842, and being about to apply to the proper authority for the benefit of the act of Congress, approved on the day aforesaid, entitled "An act to provide for the armed occupation and settlement of the unsettled part of the peninsula of East Florida," do hereby declare, on oath, that I am not the owner of one hundred and sixty acres of land.

A. B.

Sworn and subscribed before me, an acting justice of the peace, for East Florida, this ——— day of ———, A. D. 184—.

C. D.,
Justice of the Peace.

Note 3.—In case the land has been surveyed, [here insert its proper description, as the ——— quarter of section number ———, in township number ——— south, of range number ——— east.]

But, in case the land has not been surveyed, the applicant, in this

part of his notice, must describe, with *as much precision and clearness as practicable*, the locality of the tract which he desires to settle upon, in reference to some *natural object*, such as a *river*, or its *tributary stream*, *lake*, *pond*, *bayou*, *lagoon*, or some other known and conspicuous object, such as the name of a *hammock*, *prairie*, or *sink*, of well known locality, or battle ground, or other spot rendered notable either of late or remote years. If such object, as herein alluded to, should not be in the immediate vicinity of the tract, it may nevertheless be useful to state the distance and bearing of the same, either from the "*beginning*" point of the settlement, or any other corner of the same. Such "beginning" point to be well defined, so as to admit of its being hereafter clearly identified by the surveyors and shown in connexion with the public surveys; *thence* (continuing the description from such "*beginning*" point, we will say for sake of example) running *due north*, so many *chains* and *links*, *yards* or *feet*, according to the mode of measurement employed; *thence due east*, a given distance to be similarly stated; *thence due south*, a given distance to be similarly stated; *thence due west*, to the place of "*beginning*."

It is highly desirable that such diagram should exhibit the measurements in the most accurate manner, as, by due care and precaution in the outset, much subsequent embarrassment and confusion may be avoided; and all such diagrams of settler's claims will be afterwards indicated by *dotted lines* on the official plat of survey, and prove most useful and material evidence in the final adjustment of the boundary lines of claims before the patent can issue. Hence, the settler may perceive the advantage which will ultimately result to himself by having the lines of his claim run carefully with *chain and compass* as the best mode of *insuring accuracy*.

The statements made in the notice are to be sustained by the affidavit of the party before a justice of the peace, and which affidavit is to be endorsed on the notice, thus:

"I swear that the statements herein made are true, to the best of my knowledge and belief."

A. B.

Sworn before me, an acting justice of the peace for East Florida, this —— day of —— 184—

C. D.,
Justice of the Peace.

On the filing of a notice you are required to examine your records, and also refer to the office of the keeper of the archives at St. Augustine, to ascertain, if possible, whether any private claim, which may have been duly filed before any board of United States commissioners, the boundaries of which are distinctly and fully designated, is likely to be interfered with by the designed settlement; and should you, in any case, be satisfied that such interference is likely to take place, there will be valid cause for your refusal to issue a permit for the land asked for, where the

same is found interfered with by a private claim. If no ground for apprehended interference is found to exist, you will forthwith issue your permit in the form subjoined.

No. _____ PERMIT

To settle, under the provisions of the act of Congress, approved on the 4th August, 1842, entitled "An act to provide for the armed occupation and settlement of the unsettled part of the peninsula of East Florida."

Pursuant to the provisions of the act aforesaid, ——— is hereby declared to have permission to make a settlement, in virtue of the authority of said act, on a tract of public land situate "south of the line dividing townships numbers *nine* and *ten* south," in the peninsula of East Florida, and which he describes in the mode set forth in the accompanying copy of his notice, the original of which has been placed on file in this office.

The conditions on which this *permit* is granted, are as follows:

[2d.] That said settler ——— shall reside in the Territory of Florida, south of the said township line, for *five consecutive years*, and to take his grant on any public land south of that township.

[3d.] That said settler shall erect thereon a house fit for the habitation of man, and shall clear, enclose, and cultivate, at least *five acres* of said land, and *reside* thereon for the space of *four years* next following the *first year* after the date of his *permit*, if he [or she] shall so long live.

[4th.] That such settler shall, within *one year* after the survey of said lands, and the opening of the proper office for the entry and sale of the same by the United States, prove before such tribunal, and in such manner and form as shall be prescribed by the Commissioner of the General Land Office, with the approval of the President, the fact that the settlement has been commenced, and the particular quarter section upon which it is located; and also that such settler shall, within *six months* after the expiration of *five years* from the date of his *permit*, prove, in like manner, the fact of *continued residence* and *cultivation*, as required in the second and third conditions herein above prescribed; whereupon, and not until then, a patent shall issue to said settler for such quarter section.

The act declares, "that no right or donation shall be acquired under this act within two miles of any permanent military post of the United States, established and garrisoned at the time such settlement and residence was commenced."

The act further declares, "that all sales, gifts, devises, agreements, bonds, or powers to sell, transfers, or liens, whatsoever, private or judicial, of the lands, or any portion thereof, acquired by this act, made at any time before patents shall have issued for the same, shall be utterly void and without effect, to every intent and purpose, whether in law or equity; and the purchaser or ob-

ligee under any such sale, agreement, bond, or power to sell, transfer, or lien, shall not be entitled to recover back the price or consideration paid therefor, but shall forfeit the same absolutely to such settler or his heirs."

The act also declares, "that upon the death of any settler before the end of the five years, or before the issuing of the patent, all his rights under this act shall descend to his widow and heirs at law, if he leaves a widow, and to his heirs at law if he leaves none, to be held and divided by them according to the laws of Florida, any previous sale or transfer of the same, or of any interest, legal or equitable, in the same to the contrary notwithstanding; and proof of his compliance with the conditions of this act, up to the time of his death, shall be sufficient to entitle them to the patent."

It is to be distinctly understood that this *permit* is not designed to confer any rights, whereby the *live oak* and *red cedar* timber abounding on the public lands, shall be interfered with to the detriment of the United States, for whose use such timber is reserved and protected by the act of Congress, approved on the 1st March, 1817, entitled "An act making reservation of certain public lands to supply timber for naval purposes."

Given under my hand at the land office, at ——— this—— day of ——— 184—.

———.

Register of the Land Office.

The notices are to be carefully filed in your office; each of them to be endorsed with the name of the party, the number of the notice, and referring to the date of the *permit* thereon issued; the *number* assigned to which must, in every instance, be the same as that of the notice.

You will keep a book to be styled "Docket of Permits granted to settlers by the register of the land office at ————, pursuant to the provisions of the act of Congress approved on the 4th August, 1842, entitled 'An act to provide for the armed occupation and settlement of Florida,'" and which will be columned off in the following mode:

1st	column—	Number of the Permit.
2d	do.	Date of the Permit.
3d	do.	Name of settler to whom granted.
4th	do.	*Brief reference to the designated location, by regular designation of quarter section, township, and range; or otherwise, if the land is not surveyed.
5th	do.	†Number of notice filed.
6th	do.	†Date of notice filed.
7th	do.	Name of person to whom the Permit was delivered.

* As the surveys progress from time to time, and returns thereof is made to your office, you will be enabled to perfect the description in the 4th column, by inserting the proper description in every case where it cannot be done in the first instance.

† Should you be under the necessity of refusing to issue a Permit in any case, you will of course enter in this docket, in the 5th and 6th columns, only the number and date of the *notice* filed in that particular case and state the fact of your refusal to grant the Permit, and the reasons for such refusal, and which reasons are also to be endorsed on the "Notice."

In addition to such docket, it will probably become necessary to keep an alphabetical index of the names of parties filing notices for facility of reference. Such index would consist of—

1st. Name of settler filing notice.

2d. Number of Permit granted.

Copies of the notices under which Permits are from time to time granted, together with copies of the diagrams accompanying the same, will have to be furnished by you to the surveyor general for his information, and to enable him to give the proper instructions to his deputy surveyors.

Similar copies of the NOTICES must be furnished to this office at the end of *each month*, as also certified *transcripts* from your *docket*.

Prior to transmitting such copies, however, you will take the precaution to compare the same with the originals, with the aid of the receiver, and you are requested to attach thereto your joint certificate of examination.

I have to enjoin on you the exercise of every diligence, care, and promptitude necessary to a faithful and satisfactory execution of the law.

I am, respectfully, your obedient servant,

THO. H. BLAKE,
Commissioner.

AN ACT to provide for the armed occupation and settlement of the unsettled part of the peninsula of East Florida.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That any person, being the head of a family, or single man over eighteen years of age, able to bear arms, who has made, or shall, within one year from and after the passage of this act, make an actual settlement within that part of Florida situate and being south of the line dividing townships numbers nine and ten south, and east of the base line, shall be entitled to one quarter section of said land, on the following conditions and stipulations:

First. That said settler shall obtain from the register of the land office, in the district in which he proposes to settle, a permit describing, as particularly as may be practicable, the place where his or her settlement is intended to be made: *Provided*, That no person who shall be a resident of Florida, at the time of the passage of this act, who shall be the owner of one hundred and sixty acres of land at the time he proposes to settle, shall be entitled to a permit from the register.

Second. That said settler shall reside in the Territory of Florida, south of said township line, for five consecutive years, and to take his grant on any public land south of that township.

Third. That said settler shall erect thereon a house fit for the habitation of man, and shall clear, enclose, and cultivate at least five acres of said land, and reside thereon for the space of four

years next following the first year after the date of his permit, if he or she shall so long live.

Fourth. That such settler shall, within one year after the survey of said lands, and the opening of the proper office for the entry and sale of the same by the United States, prove, before such tribunal, and in such manner and form as shall be prescribed by the Commissioner of the General Land Office, with the approval of the President, the fact that the settlement has been commenced, and the particular section upon which it is located; and, also, that such settler shall, within six months after the expiration of five years from the date of his permit, prove, in like manner, the fact of continued residence and cultivation, as required in the second and third conditions herein above prescribed; whereupon, and not until then, a patent shall issue to said settler for such quarter section.

SEC. 2. *And be it further enacted*, That in case of the settlement of the same quarter section by two or more settlers, the right to the location shall be determined by priority of settlement, to be ascertained under such rules as the Commissioner of the General Land Office, with the approval of the President, may prescribe; and the subsequent settler or settlers shall be permitted to locate the quantity he, she, or they, may be entitled to elsewhere within the same township upon the vacant public lands.

SEC. 3. *And be it further enacted*, That no right or donation shall be acquired under this act, within two miles of any permanent military post of the United States, established and garrisoned at the time such settlement and residence was commenced.

SEC. 4. *And be it further enacted*, That all sales, gifts, devises, agreements, bonds, or powers to sell, transfers, or liens whatsoever, private or judicial, of the lands, or any portion thereof, acquired by this act, made at any time before patents shall have issued for the same, shall be utterly void and without effect, to every intent and purpose, whether in law or equity; and the purchaser or obligee, under (any) such sale, agreement, bond, or power to sell, transfer, or lien, shall not be entitled to recover back the price or consideration paid therefor, but shall forfeit the same absolutely to such settler or his heirs.

SEC. 5. *And be it further enacted*, That upon the death of any settler before the end of five years, or before the issuing of the patent, all his rights under this act shall descend to his widow and heirs at law, if he leaves a widow, and to his heirs at law, if he leaves none, to be held and divided by them according to the laws of Florida; any previous sale or transfer of the same, or of any interest, legal or equitable, in the same, to the contrary notwithstanding. And proof of his compliance with the conditions of this act, up to the time of his death, shall be sufficient to entitle them to the patent.

SEC. 6. *And be it further enacted*, That where any settlement, by the erection of a dwelling, or the cultivation of any portion thereof, shall be made upon the sixteenth section, before the same shall be surveyed, then and in that case, other lands shall be selected by

the School Commissioners of the township, in lieu of said section sixteen, or such part thereof as may be claimed under this act.

SEC. 7. *And be it further enacted*, That not exceeding two hundred thousand acres of land shall be taken for settlement under this act.

SEC. 8. *And be it further enacted*, That the President of the United States may, at any time, by proclamation, suspend all further permits and settlements, under this act, by giving three months notice thereof.

SEC. 9. *And be it further enacted*, That the Commissioner of the General Land Office shall, on or before the 1st day of February, eighteen hundred and forty-four, report to Congress the names of every individual who shall have made the actual settlement required by the first section of this act, specifying the heads of families, and the single men, and the location of each quarter section occupied by each of said settlers.

APPROVED August 4, 1842.

A true copy from the roll in this office.

FLETCHER WEBSTER,
Chief Clerk.

DEPARTMENT OF STATE,
August 19, 1842.

AN ACT

To establish an additional Land Office in Florida.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That so much of the public lands of the United States, in the Territory of Florida, as lies east of the Suwannee river, and west of the line dividing ranges twenty-four and twenty-five, except that lying east of St. Mary's river, north of the basis parallel, shall form a new land district, to be called the Alachua land district; and, for the sale of the public lands within the district aforesaid, there shall be a land office established in the town of Newnansville, in the county of Alachua, in the Territory aforesaid.

SEC. 2. *And be it further enacted*, That there shall be a register and receiver appointed to said office, to superintend the sale of the public land in said district, who shall reside at the town of Newnansville aforesaid, give security in the same manner and sums, and whose compensation, emoluments, duties, and authorities, shall, in every respect, be the same, in relation to lands to be disposed of at said office, as are or may be by law provided in relation to the registers and receivers of public money in the several offices established for the sale of the public lands.

SEC. 3. *And be it further enacted*, That all such public lands, embraced within the district created by this act, which shall have been offered for sale to the highest bidder at any land office in said

Territory, pursuant to any proclamation of the President of the United States, and which lands remain unsold at the taking effect of this act, shall be subject to be entered and sold at private sale by the proper officers of the office hereby created, in the same manner, and subject to the same terms, and upon like conditions, as the sale of said land would have been subject to in the said several land offices hereinbefore mentioned, had they remained attached to the same.

APPROVED, August 30, 1842.

A true copy from the roll in this office.

FLETCHER WEBSTER,
Chief Clerk.

DEPARTMENT OF STATE,
September 5, 1842.

No. 3.

GENERAL LAND OFFICE,
March 17, 1843.

SIR: I have the honor to inform you, that I have communicated instructions under this date to the register at St. Augustine, Florida, with a view of avoiding the difficulty complained of in consequence of the construction of the armed occupation act by the land office at St. Augustine, and the regulation under it, by which settlers were required "to have been personally upon the land they propose to locate upon before they are permitted to take out permits."

This subject is referred to in your communication of the 5th ultimo, and in the letters accompanying it of the 28th January last, dated at Charleston, S. C., from Luke Reed, esq.

With great respect, your obedient servant,

THO. H. BLAKE,
Commissioner.

The Hon. DAVID LEVY,
St. Augustine, Florida.

No. 4.

GENERAL LAND OFFICE,
March 17, 1843.

SIR: It appears from your communication of the 20th January last, that several applications have been made at your office for permits, under the armed occupation act, "by persons who have not been on the lands described in their notices."

You express your "conviction that many abuses might arise from

granting permits in such cases;" state that you have "refused to issue them" until you "can receive the directions of the department on the subject," and that it has appeared to you "that the *bona fide* settler who has gone into the wilderness, and is there making a location, may, from the difficulty of communicating with the office, be deprived of his rights or unfairly speculated on, should others be allowed to obtain permits without personally selecting the lands they apply for.

It is necessary for you to interpose every proper means to guard against and prevent the abuses which you apprehend, or any others likely to occur in operations under the act, and by a faithful and rigid execution of your duties, to protect the rights of all *bona fide* applicants.

The construction given by you, however, has excited, as I am advised, much dissatisfaction, and produced inconvenience to emigrants.

I have, therefore, in regard to this matter carefully looked into the act. The first stipulation of which is to this effect:

"That said settler shall obtain from the register of the land office in the district in which he proposes to settle, a permit describing as particularly as may be practicable, the place where his or her settlement is intended to be made," &c.

Neither this provision of the law, nor any other section of it, appears to render it indispensably pre-requisite to the obtaining of a permit, that the applicant *himself should*, in the *first instance*, *actually* go *upon the* land he desires to settle. I see no objection to the granting of a permit, where a *bona fide* applicant can so far satisfy himself as regards the situation, &c., of the land he proposes to settle, as to enable him to file the requisite *notice*, accompanied by,

1st. The applicants *own affidavit*, showing whether he is "the head of a family" or "a single man over eighteen years of age, able to bear arms," and the period when he *became a* resident of Florida.

2d. By evidence, in cases where he became a resident of Florida on the 4th of August, 1842, [the date of the act,] that he is not the owner of one hundred and sixty acres of land at the time he proposes to settle.

3d. By the affidavit of some creditable witness who, from personal knowledge, can make the following oath: "I aver that the settlement herein intended is not within two miles of any permanent military post of the United States, established and garrisoned at the time of such settlement, and that the same is not known or believed to interfere with any private claim that has been duly filed with any of the boards of commissioners, surveyed or unsurveyed, confirmed or unconfirmed." See page second of printed instructions, and who can comply with the requirements of *note* three on said page.

A *notice* thus supported will be a substantial compliance with the law and instructions; the testimony of any creditable witness

in the third requirement above, being quite as satisfactory in *this particular* as the affidavit of the applicant himself.

In adopting this course, as *a general rule of action* in all *such cases*, the difficulty complained of as to your construction of the act will be avoided, and like privileges will be extended to every one who may wish to come within its provision.

Very respectfully, your obedient servant,

THO. H. BLAKE,
Commissioner.

WM. H. SIMMONS, Esq.,
Register, St. Augustine, East Florida.

No. 5.

GENERAL LAND OFFICE,
March 18, 1843.

SIR: In a communication to me of the 3d ultimo, from A. W. Walker, esq., referring to the armed occupation act, I am advised that the "officers of the land office at (St. Augustine) conceive that a settlement made by slaves fulfilling all the requisitions of the law is not within the meaning of the act, and does not entitle their owners to the 160 acres of land offered by government," &c.

In this view of the matter, I fully concur with the land officers, and the register will consequently adhere to this decision in the premises.

Very respectfully, your obedient servant,

THO. H. BLAKE,
Commissioner.

REGISTER OF THE LAND OFFICE,
St. Augustine, Florida.

No. 6.

GENERAL LAND OFFICE, *May* 1, 1843.

SIR: I am in receipt of your letters of the 23d and 31st December last, the former accompanied by the copy of a notice of Arnold Thigpin for a permit to settle under the armed occupation act, the the latter accompanied by a docket of permits for December, 1842, numbered from 1 to 33 inclusive, except No. 6, which is presumed to be the case of Thigpin. This letter of the 31st December last is also accompanied by copies of notices, from 1 to 33 inclusive, excepting also No. 6.

1. As to the case of Arnold Thigpin:

This application is for lot 1, in section 23, town 12, range 20, lots 3 and 4, in section 24, township 12, range 20, of surveyed lands, containing together $163\frac{20}{100}$ acres.

Under this act, applicants, on certain conditions and stipulations, will be entitled to "*one quarter section*" of land. According to the opinion of a former attorney general, Mr. Taney, "a quarter section of land is a parcel of land, the form and contents of which are defined and regulated by act of Congress;" and he said, "I do not think that the President can substitute for it other parcels, which may be deemed an equivalent in value." (Printed instructions, &c., part 2, page 180, No. 118.) And again, in another case, same volume instructions, page 183, No. 120: "In my opinion, the location made by the governor was not authorized by the act of Congress. The words "*a quarter section of land*," are, I believe, never used in any of the acts of Congress to denote merely the quantity of 160 acres of land, but are always intended to describe a parcel of land containing 160 acres, which has been set apart and designated by the proper officer of the government as a quarter section, according to the act of Congress prescribing the mode of surveying and dividing the public lands," &c.

Applying this definition of the term "one quarter section" to the case of Thigpin, you will perceive that his proposed location is *inadmissable*, and must consequently be rejected, as said location is of *lots* which together do not constitute "a quarter section." Each location under the act must be confined to a *technical* "*quarter section*," or *fractional* "*quarter section*," and must not be made up of portions of two or more quarter sections.

In regard to locations on land *unsurveyed*, the locations must, of course, be in a *square* of 160 acres. I regret to find that, in all these cases, you have overlooked plain and explicit requirements of the instructions, and hence it becomes necessary to return herewith all the notices for December, with the docket.

Although at the foot of each form for the *notice* there is a *printed note*, contemplating the filing as a part of the notice of "the diagram of the survey of the land intended to be settled upon," and the "statements" in the notice "to be *sworn to* by the applicant before a justice of the peace, and the *affidavit* to be *endorsed* in the notice;" and although in the printed instructions, page 2, the form of the affidavit is prescribed, yet, according to the copies, not one of these notices are sworn to, and there is only a diagram in one case (25.)

Further, in all of these cases, except three, viz: Nos. 21, 25 and 26, it seems that the applicants were *residents* of Florida *at* the *passage* of the armed occupation act of the 4th of August, 1842. And in such cases it is required [*see page 2 of printed instructions and form of affidavit*] that the notices *should* be *accompanied* by by some evidence that the applicant was *not* the owner of 160 acres of land *at the time he proposed to settle*, which affidavit may be the affidavit of the applicant himself. In all cases where the affidavits are taken *before* an *officer who does not use a seal*, his *official character* must be *certified* to by the *clerk* of the *court*, or *other officer*, *under seal*, or by the *register* or *receiver*, where they have a personal knowledge that he is an officer duly authorized at the time.

I have to ask your special *examination* and *perusal* of the in-

structions, and a *strict* and *uniform adherence* to them in *every particular*, regretting that such omissions have occurred, superinducing, as they do, labor and trouble to this office and yours, and being productive of delay.

It is desired that the omission to *verify* the notices in every case by the *affidavit* of the *applicants* be supplied, and that the requisite *affidavits* in every case, where the *applicant* was a *resident* of *Florida on the 4th of August*, 1842, may also be produced, showing that the applicant, *at the time* he proposed to *settle*, was *not* the owner of 160 acres of land.

When the notices are *amended in the manner* indicated in the foregoing, you will make the copies herewith to correspond with the originals.

In the case of *John Curry*, (18,) however, you will perceive that, according to the principle laid down in the foregoing as to location, his location of *two half* quarters (west half northwest quarter and west half southwest quarter 25, 12 south, 19 east) is inadmissible and must be annulled.

I request that, instead of using *dots* in the docket, which, it seems, are designed to mean *ditto*, but which might lead to uncertainty, you will write out the words intended to be used in each place.

In the *column* of *remarks* in the *docket*, you will state in each case whether the applicant is the head of a family, or a single man over eighteen years of age, able to bear arms.

You will also be pleased to be careful in your descriptions, where the land selected has been surveyed.

When the section is *fractional*, call it so; and insert the *position* of the township, thus: township 12 *south*, range 19 *east*. I request that you will give your earliest attention to these matters, with a view to the immediate perfecting of the papers, and return of the same to this office.

Very respectfullly, your obedient servant,

THO. H. BLAKE,
Commissioner.

SAMUEL RUSSELL, Esq.,
Register of the Land Office, Newnansville, Florida.

No. 7.

GENERAL LAND OFFICE, *May* 1, 1843.

SIR: I am in receipt of your letter of the 15th ultimo, in which you state that "many applications having been made to 'your' office by females, for permits to take up land under the occupation act, and the phraseology of the law being somewhat obscure, so as to leave it doubtful whether its privileges were designed to be extended to this class of emigrants," you request directions on the subject. You state further that "the district attorney, Mr. Douglas, to whom 'you' referred in the first instance, inclines to the

opinion that the expressions, 'any person being the head of a family,'" were "intended to include this class of applicants, who, in all instances, have either sons or slaves capable of labor, and therefore of bearing arms; but does not feel altogether satisfied of the correctness of this interpretation;" and at his recommendation you "apply to the department for its decision and direction on the subject."

The first stipulation in the act is "that said settler shall obtain from the register of the land office, in the district in which he proposes to settle, a permit, describing, as particularly as may be practicable, the place where *his* or *her settlement* is intended to be made," &c. Again, in the second section of the said act, after referring to cases of settlement of the same quarter section by two or more settlers, and providing that the right to location shall be determined by priority of settlement, the following language is employed: "and the subsequent *settler* or *settlers* shall be permitted to locate the quantity *he, she* or *they* may be entitled to elsewhere, within the same township, upon vacant public lands."

The words underscored, in red, in the foregoing, (not italicised, however, in the act,) go to sustain the correctness of the inclination of the district attorney's opinion, as quoted by you, viz: that "the expressions, 'any person being the head of a family,'" were "intended to include this class of applicants, (females,) who, in all instances, have either sons or slaves capable of labor, and therefore of bearing arms." Indeed, the underscored words place the matter, in my opinion, beyond doubt, and you will therefore govern yourself accordingly, *taking care that the testimony is satisfactory, in every application, to bring the case fully up to the requirements of this interpretation.*

Very respectfully, your obedient servant,

THO. H. BLAKE,
Commissioner.

W. H. Simmons, Esq.,
Register, St. Augustine, Florida.

No. 8.

General Land Office, *May* 2, 1843.

Sir: The second section of the act of Congress, approved August 4th, 1842, entitled an act "to provide for the armed occupation and settlement of the unsettled part of the peninsula of east Florida," declares, "that in case of the settlement of the same quarter section by two or more settlers, the right to the location shall be determined by priority of settlement, to be ascertained under such rules as the Commissioner of the General Land Office, with the approval of the President, may prescribe; and the subsequent settler or settlers shall be permitted to locate the quantity he, she or they may be entitled to elsewhere, within the same township, upon vacant public lands."

On this subject I submit a copy of a letter to me, of the 3d ultimo, from the register at Newnansville, and in regard to such cases as are contemplated in the second section of the act aforesaid, respectfully recommend for the "approval of the President" that the following "rules" shall govern, in order that the "priority of settlement" may "be ascertained."

1st. That in any "case of the settlement of the same quarter section by two or more settlers," the register shall notify the conflicting claimants that, at a time and place to be specified by the register, such testimony will be received by *him* and the *receiver* as may be presented by the parties interested, going to show the right of the claimants to the original location, on the ground of "priority of settlement," and that *then* and *there* an opportunity will be offered to cross-examine witnesses. The witnesses, of course, to be duly qualified before a proper officer, before giving in their testimony.

2d. That at the expiration of the time that may be stipulated for the reception of testimony, and for hearing witnesses, the *register* and *receiver* shall decide between the parties, and their decision shall be *final*, unless, within three days, an application, in writing, be made by the parties interested to the register for an *appeal* to the General Land Office, and, in cases of such appeal, the decision of the Commissioner of the General Land Office shall be final.

3d. That in all cases where the action of the register and receiver is final, by reason of no appeal having been taken, they shall certify the fact, in each case, to the General Land Office, and thereupon issue a permit or permits to the "subsequent settler or settlers" to "locate the quantity he, she or they may be entitled to elsewhere, within the same township, upon vacant public lands."

4th. That in all cases where an appeal is taken, the register and receiver shall forthwith report to the General Land Office the whole testimony and proceedings, with their decision in the case, and on being advised of the decision of the commissioner on the appeal, shall thereupon conform to the same, and issue proper permits to the settler or settlers against whose claim to the original location a decision may be made.

With great respect, your obedient servant,

THO. H. BLAKE,
Commissioner.

Hon. J. C. Spencer,
Secretary of the Treasury.

—

Endorsed:

I approve of the within recommendation, which the Secretary of the Treasury will cause to be carried into execution.

J. TYLER.

May 6, 1843.

No. 9.

GENERAL LAND OFFICE, *May* 15, 1843.

SIR: Under the act of Congress of the 4th August, 1842, entitled an act to "provide for the armed occupation and settlement of the unsettled part of the peninsula of East Florida," cases of the following description have been submitted to this office.

1st. The case of W. Clark, stated in his letter herewith, (A,) dated the 18th ultimo, at *Newnansville*, East Florida, from which it appears that he had obtained a permit to settle a tract he had selected "in the 'Oclamaha' swamp;" that at the time he selected it, "the land was dry, (although low;") that "since the winter and spring, however, considerable rain has fallen," and "he has" found it impossible to settle the tract with anything like a certainty of health, or making crops, should he "cultivate—the river or creek overflowing a large portion of the swamp bordering on that river," &c.

Mr. Clark now applies for a change of permit.

2d. The next case is that of Walter D. Eretson, presented in his letter herewith, (B,) dated the 31st ultimo, at *St. Augustine*, Florida, stating that the land which he had "taken up was a private grant," and asking that power be given to the register to change his permit.

In regard to the erroneous entries, or illegal sales of lands, Congress has expressly delegated authority to the executive, to afford relief in specified and enumerated classes of cases.—See act of 3d March, 1819; Clark's Comp. Land Laws, page 757; act of 24th May, 1824, page 863; act of 12th January, 1825, page 890; act of 24th May, 1828; acts 1st session 20th Congress, page 108; and, in case of "erroneous locations of the warrants of the Canadian refugees," acts of 3d March, 1831; acts 2d session 21st Congress, page 108.

In the armed occupation act, however, no power, in express terms, has been conferred on the department to authorize change of location.

The principle cannot for a moment be recognized or admitted, which would allow a location to be changed, either from caprice or a desire to get a better tract; but where it should appear, by competent and satisfactory testimony to the register, that the land first selected was of such a character, either by reason of its total inadaptation to the purposes of human support, and of the impracticability of a compliance with the conditions of the act as to the erection of a house, continuous residence and cultivation, or where the land selected is on a "private grant," and the permit absolutely invalid on the account, I incline to the opinion that it would be no stretch of authority, but, on the contrary, the spirit and intent of the armed occupation act (which expires 4th August next) would be subserved by allowing a new location.

Entertaining, however, some doubt on the subject, the matter is submitted for your advice and direction in the premises.

With great respect, your obedient servant,

THO. H. BLAKE,
Commissioner.

Hon. JOHN C. SPENCER,
Secretary of the Treasury.

No. 10.

GENERAL LAND OFFICE, *May* 27, 1843.

SIR: Herewith I enclose a copy of a letter to me of the 18th ultimo, from H. E. W. Clark, esq , applying for a change of permit on account of his selection being in the "Oclamaha" swamp, a portion of which it appears is subject to the overflowing of the river.

It has been decided, and the decision sanctioned by the Secretary of the Treasury, that a change of permit cannot be authorized; and you will inform Mr. Clarke accordingly.

Should a selection be inadvertantly made on a *private claim*, and a permit issued, such a permit would, of course, be a mere *nullity*.

In any such case as the *latter*, the first permit being a nullity, you would be authorized, if the applicant came within the purview of the armed occupation act, to grant a permit for such public land as the law authorizes to be settled.

When, however, a permit has been issued for a tract alleged to be within a *private* claim, you will take care, before treating such permit as a nullity, to be satisfied of the facts by competent testimony.

Very respectfully, your obedient servant,

THO. H. BLAKE,
Commissioner.

REGISTER OF THE LAND OFFICE,
Newnansville, Florida.

N. B.—Where a permit is invalid on the ground of being a private claim, and one is granted for a tract of public land, there should be a reference in the docket for the second permit to the previous proceedings, and a similar reference on the back of the second notice.

No. 11.

GENERAL LAND OFFICE, *May* 27, 1843.

SIR: Herewith I enclose a copy of a letter of the 31st ultimo, from Walter D. Eretson, esq., representing that he has obtained a permit for certain land which is found to be " on a private grant."

If it should appear, by competent testimony, that such is the fact, the permit is, of course, a *nullity;* and, if the applicant comes within the purview of the armed occupation act, you will grant him a permit for a tract of public land.

You are requested to make known to Mr. Eretson the substance of the foregoing.

For your information and government, I herewith enclose a copy of my letter of this date to the register at Newnansville, having a bearing in this case, &c.

Very respectfully, your obedient servant,

THO. H. BLAKE,
Commissioner.

REGISTER OF THE LAND OFFICE,
St. Augustine, Florida.

N. B.—Where a permit is invalid on the ground above stated, and one is granted for a tract of public land, there should be a reference in the docket to the second permit to the previous proceedings, and a similar reference on the back of the second notice.

T. H. B.

No. 12.

GENERAL LAND OFFICE, *June* 29, 1843.

GENTLEMEN: In continuation of the instructions in my letter of August 5, 1842, under the act of 4th August, 1842, entitled "An act to provide for the armed occupation and settlement of the unsettled part ot the peninsula of East Florida." I have on this occasion to advise you, under the direction of the President, respecting the proceedings to be had next in order, to wit, under the fourth condition and stipulation of the first section of the act, in the words following:

"That such settler shall, within one year after the survey of said lands, and the opening of the proper office, for the entry and sale of the same, by the United States, prove before such tribunal, and in such manner and form as shall be prescribed by the Commissioner of the General Land Office, with the approval of the President, the fact that the settlement has been commenced, and the particular quarter section upon which it is located."

With the approbation of the President, then, the *register* and *receivers* are hereby constituted the "tribunal," before which the proof is to be made in regard to the cases contemplated by the act.

With a view, then, to the proper execution of your duties, and to facilitate operations under the law, you will observe the follow-directions:

1st. In cases where the land was surveyed at the time of granting the permit, the "*year*" will *commence* with the *day* when your *office* was prepared to *act* under the law; and you are requested to issue a *public notice*, setting forth such *date*, designating the par-

ticular township of land, the plats whereof were filed in your office *at that date*, giving the *names* of the *settlers, respectively*, in those townships to whom *permits* have been granted, with the Nos. of their *permits*. [See form of notice, marked A.]

NOTE.—Copies of such public notices, bearing a regular and consecutive series of numbers, from No. 1, should it be found necessary to issue more than one, should, from time to time, be forwarded to this office; and at the *expiration* of the *year* a *complete return* must be made, indicating *all the settlers* in such townships, who *within* the year, (the time stipulated,) shall have complied with the requirements of law, by showing "the fact that the settlement has been commenced, and the particular quarter section on which it is located," said return should designate the particular quarter section located by the respective settlers, and should also show the names of those who may have failed to comply with the requirements of the act. (See form of return marked B.)

2. In cases where the lands *was* surveyed at any time *subsequent* to the date aforesaid, you will regard the term of "one year" as *commencing* from the *day* when the *surveyor general shall certify* the *township plat*, and from time to time, as such township plats shall be received at your office, you will issue a public notice of the fact, giving a particular list of such townships, and the particular day when the term of one year will expire in each case. (See form of this notice, marked C.)

NOTE.—It is not necessary to send to this office copies of the public notices under this 2d item of instructions, because such notices would serve no useful purpose, as they would not exhibit the settlers' names.

It is proper, however, and you are therefore required to make *monthly* returns, consecutively numbered, of *such settlers* as may, from time to time within the "year," meet the requirements of the act; those returns also to indicate the *No.* of permit, and the *particular designation of the quarter section*, according to the public surveys. (For form of monthly return, see paper D.)

At the *expiration* of the *year* in *this* class of cases, a complete *return* is also required, similar to that called for in the cases first referred to in the foregoing.

The act provides "that in case of the settlement of the same quarter section by two or more settlers, the right to the location shall be determined by priority of settlement, to be ascertained under such rules as the Commissioner of the General Land Office, with the approval of the President, may prescribe; and the subsequent settler or settlers shall be permitted to locate the quantity he, she, or they, may be entitled to elsewhere, within the same township, upon vacant public lands."

Cases may arise under this section, where the cultivation by A may be found to be precedent to that by B, and the erection of a dwelling by B, was precedent to that by A. In such a case, priority of *cultivation* must govern. In cases coming within this provision of the law you are required to give a patient hearing to all the

facts to be sustained by credible witnesses, which shall be adduced by the contending parties.

The register and receiver of the appropriate land district having been constituted, by the President, "the tribunal," referred to in the act, for determining on all claims arising under its provisions, it would be desirable that, in all cases of conflicting claims, the parties should appear before you with their respective witnesses, in order to give you an opportunity of cross-examining the witnesses, with a view to the more readily eliciting the truth of the case.

Very respectfully, your obedient servant,

THOMAS H. BLAKE,
Commissioner.

REGISTER AND RECEIVER,
Newnansville, St. Augustine, Florida.

A.

Notice to applicants under the Florida armed occupation act of the 4th August, 1842, to whom permits have been granted on surveyed lands.

Notice is hereby given to the class of applicants above mentioned, who are designated in the enclosed list, that the period of "*one year*," allowed by the said act, for proving the "fact that the settlement has been commenced, and the particular quarter section in which it is located," will expire on the ; that being one year from the day on which the register and receiver of this office were prepared to act under the law. They are therefore hereby requested to file with the register and receiver at Florida, on or before the said date, satisfactory proof, pursuant to the requirment of law, above mentioned.

Such proof should be the applicant's own affidavit, corroborated by the testimony of two or more disinterested and competent witnesses, which proof should give all the particulars as to the settlement, date of its commencement, and description of the particular quarter section on which it is made. Unless the proof required in the foregoing is filed on or before the date specified, the applicants will forfeit all right, title, and claim, to land under their permits.

No. of permit.	Date of permit.	Names of Applicants.	Qr. Sect'n.	Township.	Range.

NOTE.—The particulars, as to the settlement, should be the time when cultivation was commenced, the kind of crop cultivated, number of acres in cultivation, the kind of tenement erected, number of persons composing the family, discriminating between adults and females, white and colored.

B.

LAND OFFEICE AT ———,
—— *day of* ———.

RETURN.

Under the fourth condition and stipulation of the act of Congress of August 4th, 1842, entitled, "An act to provide for the armed occupation and settlement of the unsettled part of the peninsula of East Florida," exhibiting the names of those settlers who, within the term of "one year," prescribed in the condition aforesaid, have established, according to law, at this office, "the fact that the settlement has been commenced, and the particular quarter section upon which it is located."

No. of Permit.	Names of Settlers.	Description of Tract.			
		Sectional part.	No. of Sec.	No. of Town'p.	No. of R'ng.

In case any settlers shall have failed to establish their claims within the year, there is to be attached to the return a paper, setting forth the names of such settlers, and numbers of the permit in each case.

———

C.

Notice to applicants under the armed occupation act of the 4th August, 1842, to whom permits were granted for settlement, on lands which were not surveyed at the dates of such permits.

Notice is hereby given to the class of applicants above mentioned, that the plats of the following described townships have been duly certified and returned, by the surveyor general, to the district land office at ———, and that the period of "one year," allowed by the said act for proving the "fact that the settlement has been commenced, and the particular quarter section upon which it is located," *will expire* at the *dates* opposite the townships described in the annexed list. Those applicants, therefore, whose settlements are within any of these townships, are requested to file with the register and receiver at ———, Florida, on or before the said dates, satisfactory proof, pursuant to the requirements of the law abovementioned. Such proof should be the applicant's own affidavit, corroborated by the testimony of two or more disinterested, competent witnesses, which proof should state all the particulars as to the settlement, and give the designation of the particular quarter section on which it is made.

Unless the proof required in the foregoing is filed on or before the dates specified, the applicants will forfeit all right, title, and claim to land under their permits.

Township.	Range.	Dates on or before which the proof of settlement must be filed, and the particular quarter section described.

NOTE.—The particulars, as to the settlement, should be the time when cultivation was commenced, the kind of crop cultivated, the number of acres in cultivation, the kind of tenement erected, number of persons composing the family, discriminating between adults and children, males and females, whites and colored.

D.

LAND OFFICE AT ———,
——— *day of* ———.

No. —.

Monthly return of the names of settlers under the act of August 4th, 1842, entitled, "An act to provide for the armed occupation and settlement of the unsettled part of the peninsula of East Florida," who have established their claims before this office, prior to the expiration of the year, allowed by the terms of said act.

No. of Permit.	Names of Settlers.	Designation of Tract.			
		Sectional part.	No. of Section.	No. of Township.	No. of Range.

No. 13.

GENERAL LAND OFFICE,
July 8, 1843.

SIR: In your letter of the 19th ultimo, received to-day, you inquire,

1st. When there are two *applicants* for the same tract of land, and no permit has been issued to either, is it a "case of the settlement of the same quarter section by two or more settlers within the meaning of the act?"

Answer. The mere circumstance of there being two *applications* for the *same* tract, does not, of course, imply that *settlements* have actually been made on the land.

In a case like this, the *register* and *receiver* must institute an inquiry, and thus ascertain all the particulars, as to whether settlements have been made by both applicants on the same land, &c. If it should appear that both applicants have settled on the same

land, the *register* and *receiver*, pursuant to the instructions of the 2d May last, and 29th ultimo, must decide between the parties, and act accordingly.

If one of the parties has made a settlement, and the other not, the *settler* should take precedence. If neither has made settlement, the applicant who *first* presented his application should take, and a permit be issued. If both presented at the same moment of time, and all other things are equal, the matter may be decided by *lot*.

2d. You inquire as follows: "When a permit has been issued to *one*, and another *subsequently* files an application for the same tract on the ground of 'priority of settlement,' is it a case for the decision of both officers, or of the register alone?"

Answer. It is a case for the decision of the *register* and *receiver*. [See instructions.]

3d. You inquire, "Have we any jurisdiction over claims on unsurveyed lands; or rather, before the surveys are legally made and returned?"

Answer. In the affirmative. But care must be taken to require the parties in conflict to shew, by satisfactory evidence, that *they are* on the same *land*, and consequently, that their claims conflict.

4th. "When the surveys 'have' been returned, it shall appear that, although the exterior lines of the two *claims* conflict with each other, yet the *improvements* are on different quarter sections, will it be a case of the settlement of the same quarter section, &c.?"

I do not understand how a case like this can arise, if the settlements are on *different quarter sections*. I do not see how the *exterior* lines of those quarters can conflict.

Very respectfully, your obedient servant,

T. J. BLAKE,
Commissioner.

JOHN PARSONS, Esq.,
Receiver, Newnansville, Florida.

No. 14.

GENERAL LAND OFFICE, *August* 21, 1843.

SIR: Herewith, I enclose a list, marked A., of certain permits that have been issued at St. Augustine, Florida, under the Florida armed act of the 4th of August, 1842, to individuals to settle on certain islands or keys on the Florida coast.

One of these permits is to settle on *Boca Chico*, the others are all for settlements on *Key Largo*.

Under a letter from your department, of the 21st September, 1842, indicating the opinion that "Cedar keys, and other islands near the coast, should be held in reservation," *all* the keys on the coast of

Florida have been regarded by this office as reserved; and as therefore not subject to the operation of the act above mentioned. As the permits mentioned in the foregoing, however, have been issued, I deem it proper to ask advice as to whether the two islands mentioned are still reserved; and if not, at what period they were released from reservation.

With great respect, your obedient servant,

THOMAS H. BLAKE,
Commissioner.

Hon. JAMES M. PORTER,
Secretary of War.

A.

936	John Park.....	Boca Grande.

No. 16.

GENERAL LAND OFFICE,
June 26, 1844.

GENTLEMEN: Herewith I send an act of Congress, approved the 15th instant, entitled "An act to amend an act entitled an act to

provide for the armed occupation and settlement of the unsettled part of the peninsula of Florida."

To the provisions of this act, which are clear and explicit, I invite your careful attention.

By the first section authority is given to the Commissioner of the General Land Office to permit a change of any location made under the act of the 4th of August, 1842, on lands *discovered after* the issue of the permit to be liable to overflow, "*provided* application for permission to change" shall have been made at the proper land office "before" the 4th of August, 1843.

You are requested to report, for the decision of this office, all such applications, each accompanied by the *testimony* submitted in support of it, indicating the tract originally located, and the one applied for in lieu thereof, with your joint opinion in the case.

By the second section it is provided that in all cases of settlement, under the act of 1842, "upon land not surveyed before the issue of permit, the settler may, after survey, locate his quarter section in any legal subdivision of continuous or contiguous sections, or fractional sections, so as to make up the quantity" of 160 acres as near "as may be, and to include improvements, and as much of the lands described in his permit as is consistent with the system of the public surveys."

You will take care that this provision of law is properly and faithfully carried into effect, having due regard to compactness of form in *location*, so far as is consistent with the law and the rights of the settlers under it.

By the third section of the act you will observe that the requirements of *actual residence*, by the act of 1842, on the tract located under it, is only dispensed with in cases where the land upon which the habitation may be erected *shall be entered and paid for, if in market*, or, if *not* in market, *shall be so* entered *within three months* after it *shall have been offered at public sale.*

In all cases, then, where the habitation may be erected on a tract other than that under the permit, and the purchase is not made of the tract embracing said habitation, as required by this act, the claimant will forfeit all right under the act of 1842.

The fourth section provides "that, in any case in which the title of the United States to the land, or any part of it, not less than forty acres, described in the permit," or "contained in the quarter section upon which he shall have located, shall prove to be defective," a tract of equal quality "to that of which the title shall have proved deficient as aforesaid, may be located elsewhere upon vacant surveyed land within the same township, or within the nearest township in which there shall be a sufficient quantity of vacant arable land."

In all applications for the benefit of this section of the law, you will require satisfactory evidence to be filed in your office, showing the tract claimed, and the nature and extent of interfering titles, and on the papers (proof, &c.) you will endorse your decision, and designate thereon the tract allowed to be located,

in lieu of that to which the title of the United States may be defective.

You will also require the *permit* to be surrendered in such cases, and will note thereon your decision in brief, and also the description of the tract taken in lieu of the land embraced by the United States defective title, as aforesaid. You will also report an *abstract* of all cases admitted by you under this section of the law, showing the particulars in each case.

The fifth section needs no elucidation or comment, only requiring care and attention on your part, and a proper return to this office of any proceedings under it.

I am, very respectfully, your obedient servant,

THOMAS H. BLAKE,
Commissioner.

REGISTER and RECEIVER,
at St. Augustine, E. Florida.

No. 17.

GENERAL LAND OFFICE,
August 1, 1844.

SIR: I am in the receipt of your letter of the 20th ultimo, propounding certain interrogatories relative to the requirements of the armed occupation act, and the act amendatory thereof, approved 15th June last, to which I reply in the order in which they occur.

1. Will settlers on unsurveyed land be allowed to retain it, as originally located, after it has been surveyed?

Answer. The settler must make his location conform to the lines of the public surveys, and may take his "quarter section in any legal subdivision of continuous or contiguous sections or fractional sections, so as to make up the quantity" of 160 acres, as near "as may be, and to include his improvements, and as much of the land described in his permit as is consistent with the system of the public survey."

2. Has an act passed amendatory of the armed occupation act of the 4th August, 1842; if so, send you a copy?

Answer. There has, approved as above indicated. This office is in possession of no surplus copies, and consequently cannot send you one.

3. In case you should die (on a voyage which you contemplate taking to Europe) before the expiration of the act, "will the land fall to your family?"

Answer. The fifth section of the act of 4th August, 1842, provides "that, upon the death of any settler before the end of five years," all his rights under the law "shall descend to his widow and heirs at law, upon proof of his compliance with the conditions of the act up to the time of his death." Of the practicability of adducing such proof, in the event of your dying under the circumstances referred to, you can judge.

4. Is it competent for the settler to perfect his title to his land *immediately*, upon his paying for it at the rate of $1 25 per acre?

Answer. *After the land has been surveyed*, and the proper receiver is prepared to receive the moneys, of which due public notice will be given, the land embraced by the permit may be entered, upon proof of compliance with the requirements of the act up to the date of his application to make the payment being adduced.

5. Are settlers now relieved from the necessity of residing upon the land described in their permits?

Answer. The third section of the act of the 15th June last, before referred to, provides "that the settlers under said act (of 4th August, 1842,) may erect their dwellings, and reside upon other than the quarter section described in their permit: *Provided*, The land upon which they so erect their habitation shall be entered and paid for by them, if in market; or, if not in market, shall be so entered within three months after it shall have been offered at public sale. *And provided also*, That the condition of cultivation on the land described in the permit shall be faithfully complied with, according to the terms of the act, to which this is amendment." In all cases, then, where the habitation may be erected on a tract other than that located under the permit, and the purchase is not made of the tract embracing said habitation, as required by said act, the claimant will forfeit all right *under the act of* 1842.

I am, sir, very respectfully, your obedient servant,

THO. H. BLAKE,
Commissioner.

Mr. J. C. DALWIG,
Care of Messrs. MERLE, BERGLE & Co.,
New Orleans, Louisiana.

No. 18.

GENERAL LAND OFFICE,
August 28, 1844.

SIR: I am in the receipt of your letter of the 10th instant, containing the following query, relative to the requirements of the 3d section of the act, approved the 15th of June, 1844, amendatory of the armed occupation act, viz: "where a dwelling is already erected, and the settler takes possession and continues to occupy and cultivate the land, will (it) be sufficient for the settler to hold the land?"

If I understand the purport of your inquiry, it is, whether it is necessary that the dwelling so occupied shall have been erected subsequent to the passage of the act, and whether, in the event of his removing to a house *previously erected*, the settler will be excluded from a participation in the benefits of the armed occupation act.

The settler is presumed to have resided upon the tract embraced

by his permit, up to the 15th of June last, (the date of the passage of the act,) and if he elects to reside upon another quarter section, it is a matter of no consequence *when* the house was erected. The settler should bear this in mind, however, that in all cases where the habitation may be erected on a tract other than that located under the permit, and the purchase is not made of the tract embracing said habitation, as required by the act above referred to, the claimant *will forfeit all right under the act of 4th of August*, 1842.

I am, sir, very respectfully, your obedient servant,

THO. H. BLAKE,
Commissioner.

Mr. P. Moody,
Fort King, E. Florida.

No. 19.

General Land Office,
August 19, 1845.

Sir: In reply to your letter of the 20th ultimo, you are advised that if, under the provisions of the 3d section of the act of 15th of June, 1844, amendatory of the late armed occupation act of 4th of August, 1842, a settler erects his dwelling and resides upon the quarter section described in his permit, and fails to enter it within the time prescribed by said act, he forfeits all claim under the act of 1842.

No oath is required of him *upon removing* his habitation from his location, nor is he restricted in his removal to the same township.

I am, very respectfully, your obedient servant,

JNO. M. MOORE,
Acting Commissioner.

Mr. Jamas A. Boyd,
Hickstown, Benton co., E. Florida.

No. 20.

General Land Office,
August 19, 1845.

Sir: In reply to the inquiry contained in your letter of the 7th ultimo, you are advised that the intention of the third section of the act of 15th of June, 1844, amendatory of the act of 4th of August, 1842, appears not to have been to preclude the class of settlers therein referred to, from entering the tract upon which their habitations may be erected, prior to the date on which the township in which it is situated is to be offered, but to bestow that privilege with the additional and anomalous one of permission to enter it at any time within the period of three months after the date of offer-

ing. Hence you will perceive the necessity for guarding, as far as practicable, against offering any such tract at public sale. To accomplish this, you are instructed to insert the subjoined notice in the St. Augustine Herald, once a week for six weeks, and have one hundred and fifty copies thereof struck off in a handbill form, which you will please have conveyed into the settlements, as occasion may offer to do so, free of expense.

I am, sir, very respectfully, your obedient servant,

JNO. M. MOORE,
Acting Commissioner.

REGISTER OF THE LAND OFFICE,
Newnansville, E. Florida.

Public Notice.

It having been decided that settlers, under the act of 4th of August, 1842, coming within the purview of the third section of the act of 15th June, 1844, amendatory thereof, may enter the tract upon which their habitation is erected, where it is other than that embraced by their permit, is surveyed and yet unoffered, at any time prior to the day of public sale, to guard against its being then sold, proof is hereby required to be made, to the satisfaction of the register and receiver, before the commencement of the sales, showing the tract so occupied. If not entered within three months after the public sale, the right to enter such tract will not only be forfeited, but that embraced by their permit also.

The sale of the townships proclaimed to be offered in August next has been postponed until the 5th of January, 1846.

No. 21.

GENERAL LAND OFFICE,
August 25, 1845.

SIR: I have the honor to acknowledge the receipt of your letter of the 4th instant, enclosing one from Colonel H. W. Braden, (herewith returned.)

Colonel Braden states that, in many instances, the tract upon which settlers under the armed occupation act have erected their habitations, under the provisions of the 3d section of the amendatory act of 15th June, 1844, is in townships, the *sectional* lines of which may never be run, in consequence of there not being a sufficiency of good land in them to justify it, and hence, unless the settler be permitted to enter such tracts at once, or in its unsurveyed state, he will not only forfeit his right to this tract, but also to the one embraced by his permit, should he ever abandon the former.

As the laws regulating the land system only permit the entry of land *after* it has been surveyed, this office cannot authorize any to be made *before* survey. The armed occupation act guaranties to

the settler a patent, upon a compliance with its several provisions and requirements, after the expiration of five years.

The land will necessarily have *then* to be surveyed, if it had not been previously. If, during this period, he shall have *resided* upon unsurveyed lands, no forfeiture of the tract embraced by his permit takes place, because he had not entered that which was not subject to entry, because it was unsurveyed. Colonel Braden intimates that this construction implies an apparent variance between the 3d and the spirit of the 5th sections of the act of 15th June, 1844, above referred to; inasmuch as the latter makes it competent for the settler to perfect his title to the quarter section *located and described* in the permit, by *paying* for it at the rate of $1 25 per acre, &c., before the expiration of the five years.

The words a *quarter section* are never used in any of the acts of Congress, to denote merely the quantity of 160 acres, but are always intended to describe a parcel of land containing 160 acres, which has been set apart and designated by the proper officer of the government as a quarter section. Land, consequently, cannot be entered under the *5th section* of the act, until it has been surveyed.

Colonel Braden is further informed that, according to the construction of this office of the 2d section of the act of the 15th June, 1844, contiguous sixteenths of sections, or forty acre tracts, are subject to location.

I am, very respectfully, your obedient servant,

JNO. M. MOORE,
Acting Commissioner.

Hon. JAMES D. WESTCOTT,
Tallahasse, Florida.

No. 22.

GENERAL LAND OFFICE,
January 22, 1846.

SIR: I am in the receipt of your letter of the 9th instant, making certain inquiries in relation to the provisions of the armed occupation act of 4th August, 1842, and the act amendatory thereof, approved 15th June, 1844.

In reply to those having reference to the case of Mr. Branch, I have to state that, upon examination, I find he proved up his claim under the 4th proviso of the 1st section of the original act, in August, 1844, to the northeast quarter, 35 21 18. *This location cannot be changed.* You state that, *under the amendatory* act he removed to other lands than that described in his permit, and that subsequently he became dissatisfied with this location, and now desires to know whether he can make another removal without forfeiture of his original location under his permit, "provided he complies with the act relative to his donation."

The removal here referred to I understand as referring to that of *residence*.

As Mr. Branch was advised on the 11th ultimo, under the 3d section of the amendatory act of 15th June, 1844, a settler may erect his dwelling, and reside upon other than the quarter section described in his permit, provided the land upon which he so erects his habitation shall be entered and paid for by him if in market, or if not in market, shall be so entered within three months after it shall have been offered at public sale. Failing thus to enter, he incurs a forfeiture of the land described in his permit. If, therefore, the land upon which he removed his habitation *was in market*, he has forfeited the tract embraced by his permit, as it appears he did not enter it. If it was surveyed, and not in market, he is allowed until three months after the public sale to enter it. If it was not surveyed it was not in market, and consequently cannot be entered; no forfeiture can therefore be incurred. In the case of residence upon lands in market, no change is admissible, as the tract must be entered immediately.

Where the residence is upon surveyed lands *not* yet in market, no change of such residence is prohibited up to the day of public sale, provided that, before it is offered, proof to the satisfaction of the register and receiver, showing the tract upon which his residence is situated, in order that they may withhold it from sale.

No forfeiture can take place in consequence of change of residence upon unsurveyed lands.

In reply to your other inquiry, you are advised that no right can accrue to any one under the original act, who did not, prior to the passage of the amendatory act, reside upon the land embraced by his permit.

I am, sir, very respectfully, your obedient servant,

JAMES SHIELDS,
Commissioner.

Mr. A. Clark,
Augusta, Benton co., E. Florida.

No. 23.

General Land Office,
June 6, 1846.

Sir: I have the honor to acknowledge the receipt of two letters left by you at this office from H. W. Braden, herewith returned.

In reply, I have to state that the register and receiver at Newnansville have heretofore been instructed from this office, relative to their action, under the armed occupation act, and the act of June 15, 1844, amending said act. Mr. Braden requests to be informed what form of notice is required, in order that lands occupied by settlers, under the provisions of the 3d section of the amendatory act, may be withheld from sale. No particular form of notice is required. Proof is required to be made to the satisfac-

tion of the register and receiver, before the commencement of the sales, showing the tract so occupied.

In relation to this subject, and in compliance with the request of Mr. Braden, I herewith enclose a copy of a letter from this office to the register, dated August 19, 1845; also, a public notice sent at the same time.

The register is undoubtedly correct in the opinion, that settlers, in order to be entitled to the benefit of the armed occupation act, must reside upon the tract described in their permit, or upon the tract claimed under the amendatory act.

The provisions of the original act are, "that said settlers *shall* erect thereon a house fit for the habitation of man, and shall clear, enclose, and cultivate at least five acres of said land, and *reside* thereon for the space of four years next following the first year after the date of his permit, if he (or she) shall so long live."

The amendatory act only alters the above provisions by giving the settler the privilege of erecting his dwelling and *residing* upon other than the quarter section described in his permit, and that only with the condition that the cultivation on the land described in his permit shall be faithfully complied with according to the terms of the original act.

Under the provisions of the 3d section of the amendatory act, settlers are entitled to erect their dwellings, reside upon, and enter any legal subdivision other than the tract described in their permit, and necessarily need not be either continuous or contiguous.

With great respect, your obedient servant,

JAMES H. PIPER,
Acting Commissioner.

Honorable J. D. WESTCOTT,
United States Senate.

No. 24.

GENERAL LAND OFFICE,
March 30, 1848.

GENTLEMEN: Under the act of 4th August, 1842, entitled "An act to provide for the armed occupation and settlement of the unsettled part of the peninsula of East Florida," and the act amendatory thereof, approved 15th June, 1844, those settlers who, in accordance with the conditions and stipulations mentioned in the former act, have obtained permits, which have been confirmed by this office, and have proved the fact of the commencement of their settlements within one year after the survey of the land, shall be entitled to certificates for the land embraced thereby on complying with the following regulations, to wit:

First. Each of such settlers shall prove, by the affidavits of two disinterested witnesses, and support the same by his own affidavit, that he had cleared, enclosed, and cultivated at least five acres of

the land embraced by his permit, and continue to cultivate the same for five consecutive years, from and after the commencement of his settlement under his permit.

Second. He shall also prove in like manner, that he had erected a house fit for habitation of man, and had resided upon the land, embraced by his permit, for the space of four years next following the first year after the date of his permit; or, if he erected his dwelling and resided upon other land than that described in his permit, south of the line dividing townships nine and ten south, and east of the base line, he shall enter and pay for the land on which he resided, if in market, if he has not already done so, before he can receive a certificate for the land embraced by his permit. He shall also prove that he resided on the land covered by his permit to the 15th June, 1844, when the amendatory act was passed.

Third. When a settler shall have died before the expiration of five years from the commencement of his settlement, proof of his compliance with the requirements of the law, up to the time of his death, as specified in the first and second of these regulations, shall entitle his widow and heirs to the land, if he left a widow, and if not, his heirs at law shall be entitled thereto, to be held and divided by them according to the laws of Florida.

Fourth. The proof required by these regulations may be taken before you or a justice of the peace duly commissioned and qualified, or a notary public; but if before either of the latter officers they shall certify as to the character, age, and credibility of the witnesses, the fact that such magistrate was duly commissioned and qualified at the time of taking the depositions shall be certified by the clerk of the court under seal, and the notary shall attest his acts by his seal.

Fifth. Where a permit was issued and settlement made on the lands covered thereby *before* these lands were surveyed, the settler can take the quantity of one hundred and sixty acres of land by continuous or contiguous subdivisions, so as to include his improvements and as much of the land described in his permit as is consistent with the system of the public surveys. Where a permit was issued, and settlement made *after* the survey of those lands, the settler will be restricted to the particular quarter section covered by his permit.

Sixth. In either of the foregoing cases when the same tract may be claimed by two or more settlers, the right shall be determined by priority of settlement, that is to say, the settler who first *improved* the tract in controversy shall be entitled to it, and the settler or settlers who made the subsequent improvements shall be permitted to locate the like quantities elsewhere, in the same township, upon vacant public lands.

Seventh. Where a settlement or improvement was made upon the sixteenth section before the survey of it, the settler is entitled to the portion claimed by him under this act; and the school commissioners of the townships are authorized to select other lands in lieu thereof.

Eighth. Where a settler, under the armed occupation act, shall have made the proof required by these instructions, and it is found that the title of the United States to a portion, not less than forty acres, of the land covered by his permit is defective, he can locate the quantity, the title of which is thus found defective, as near as may be, by legal subdivisions, upon vacant surveyed land within the same township, or within the nearest townships in which there shall be sufficient vacant arable land.

Ninth. In all cases where settlers, under the armed occupation act, have been prevented from making the proof required by the law by want of these instructions, ample time, not exceeding six months from the date of the receipt hereof, shall be allowed them for so doing.

Tenth. In those cases where settlers cannot now make the proof required by the law, because the lands covered by their permits have not been surveyed, they will be allowed six months, after the return of the surveys, in which to do so. Notice of the receipt of the townships' plats, in all such cases, should be given, by sending a note of the fact to some resident of the township, with a request that the settlers may be advised thereof, and by publishing such notice in a paper of the most extensive circulation among the settlers.

Eleventh. As all sales, gifts, devises, bonds, or powers to sell, transfers, or liens, whatsoever, private or judicial, of the lands, or any portion thereof, embraced by these laws, made at any time before patents shall have issued for the same, are declared, by the act of 1842, to be utterly void and without effect, to every intent and purpose, whether in law or equity; you will pay no attention to any such documents, nor will you entertain any claim which may be based upon them.

Twelfth. You will please have an extract from these instructions, commencing from the first regulation, and ending with the sentence above this, published three times in one newspaper of the greatest circulation among the settlers interested; and, as a means of further notifying them, hand-bills have been prepared containing the same, four bundles of which I send you, each containing fifty copies, to which you will please give the most extensive circulation among the settlers, without cost to the government, by having them affixed to the doors of the court-houses, &c.

Thirteenth. You will not include the certificates issued for these grants in your regular returns; but the register, with each monthly return, will make special report of them in a separate abstract, or below his regular abstract, giving the numbers of the certificates, beginning with No. 1 and the number of the permit, the name of the settler, date of settlement, date of proof, and description of the tract. You will please endorse your decision on the proofs filed in support of each claim; and when you allow it, you will forward the testimony thus endorsed with the certificate issued for such claim.

Fourteenth. When you reject a case, you will retain all the papers among the archives of your office, endorsed in full, the rea-

sons for your decision. Should the claimant appeal, you will forward the testimony, thus endorsed, for the consideration of this office, with full report of all the facts which may have come to your knowledge.

Very respectfully, your obedient servant,

RICHARD M. YOUNG,
Commissioner.

REGISTER AND RECEIVER,
Newnansville, Florida.

GENERAL LAND OFFICE, *April* 12, 1848.

SIR: I have the honor to acknowledge the receipt of your communication of the 10th instant, enclosing the draft of a bill "for the relief of the *bona fide* settlers under the acts for the occupation and settlement of a part of the Territory of Florida," which has been examined, as requested by you, and a new draft prepared, considerably abridging it, but retaining its general provisions.

Mr. Westcott, who takes a deep interest in this matter, has examined the last draft, and entirely concurs in the amendments proposed by it. Both the drafts are enclosed.

In relation to the provisions of this bill, I have the honor to state that, when the act of August 4, 1842, was passed, defining the boundaries of a district in Florida, in which grants would be made of a quarter section of land to each head of a family and single man over twenty-one years of age capable of bearing arms, on the condition therein mentioned, a great part of that district was almost entirely unknown, without settlements, and unsurveyed.

There were few or no roads, and no mail facilities or other medium of communication. Much of the country was an impassable swamp; and, during the last few years, the heavy and continued rains have almost broken up all travel in the southern part of Florida, and materially retarded the progress of the public surveys. In addition to these difficulties, which are formidable enough, many of the settlers were in the neighborhood of a bloodthirsty and treacherous foe, who would have taken advantage of the absence of the settlers, in all probability, to destroy their helpless families, and break up their improvements. Under these circumstances, the only matter of surprise is, that so many of these settlers complied with the stipulations, conditions, and restrictions of the act of 1842. In the course of a year or two, some of these difficulties were manifested, and, to remedy those then known, the act of 15th June, 1844, was passed. Under these acts, many of the settlers will be able to secure their lands; but there are others equally meritorious, who have done as much, and probably more, to accomplish the object intended by the act of 1842, and prevent further Indian hostilities in Florida, who, from the causes before mentioned, have not been able to comply with all the requirements of these acts, and the regulations under them, imposed by the instructions

of this office. Some of the lands claimed by these settlers have already been sold, and there are many others which will also pass into other hands, unless some liberal provision, like that of the proposed bill, should be made by Congress. In view of all the facts in the case, and the service rendered by these settlers to the country, I am of opinion that such provision would be just and proper.

A call was made, on the 3d instant, for detailed information in relation to these permits, which will be ready in eight or ten days, and with it will be sent, as required, copies of all the instructions issued from this office, at different periods, in relation to the execution of these acts, and which will, I think, manifest the justice and necessity of the proposed law.

With great respect, your obedient servant,

RICHARD M. YOUNG,
Commissioner.

Hon. S. BREESE,
Chairman Com. Pub. Lands, Senate, U. S.

A BILL for the relief of the *bona fide* settlers, under the acts for the armed occupation and settlement of a part of the Territory of Florida.

SEC. 1. *Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled*, That in all cases in which proof shall be made, to the satisfaction of the Commissioner of the General Land Office, that any person who obtained a permit under the act entitled "an act to provide for the armed occupation and settlement of the unsettled part of the peninsula of east Florida," approved August 4th, 1842, and who was an occupant under that act, and the act amendatory thereof, approved June 15th, 1844, and who actually occupied or settled under said acts, and did not voluntarily relinquish and abandon the same, but continued to reside on said frontier, thereby aiding to effect the object of said acts, and who has not received the lands provided by said acts, such settler shall be entitled to a grant and patent for the land so occupied or settled by him, the same as if all the conditions and stipulations of said acts and requirements of the General Land Office, in relation thereto, had been fully and strictly fulfilled and complied with.

SEC. 2. *And be it further enacted*, That in all cases where the lands settled or occupied by such settler, or any part thereof, have been subsequently sold by the United States, or shall have been included in a military reservation, or ascertained to be covered by a valid private claim, or included in a claim, and awarded to another settler having prior right thereto, to be decided by said Commissioner of the General Land Office, then such settler may locate his right, or the part so interfered with, on any vacant public lands in the same, or any adjacent township.

SEC. 3. *And be it further enacted*, That this act shall extend to

and be construed and executed for the benefit of the widow and heirs of any settler, according to the principles of the fifth section of said first above recited act.

SEC. 4. *And be it further enacted*, That, immediately after the passage of this act, the Secretary of the Treasury shall appoint an agent to proceed forthwith to the different county seats, of the counties of the State of Florida, where said lands lie, who shall attend at least ten successive days at each county seat to take and receive proof, by depositions before him, or in such manner as he may prescribe in relation to such settlement or occupation, and of settlers being entitled, under this act, to a grant or donation of land as aforesaid; and said agent shall also attend at such other places in said settlements as the convenience of such settlers, in furnishing their proof, may demand, under the instructions of the General Land Office, and said agent shall, within five months after he shall commence his duties in said State, transmit all the proof he may take, and make report of his opinion as to each case, to said Commissioner of the General Land Office, who shall proceed forthwith to examine and decide said cases; provided, if any settler does not submit his proof to such agent within four months after reasonable notice, by advertisement of the times and places of his attendance to receive such proof, said settler shall not have the benefit of this act; and all the cases reported as aforesaid shall be definitely decided by the Commissioner of the General Land Office within two months after the report thereof is received at his office, and said agent shall be allowed the same compensation as is allowed by law to examining agents of the Treasury Department.

ABSTRACT OF PERMITS

GRANTED UNDER THE ACTS FOR THE ARMED OCCUPATION OF FLORIDA.—To accompany S Ex. Doc. No. 39.

List of permits granted under the act of August 4, 1842, at Newnansville.

[Those cases marked * not surveyed.]

Number of permit.	Date of permit.	Name of settler to whom granted	Designation of the tract on which the settlement is designed to be made.	No. of notice filed.	Date of notice. ABSTRACT

OF

THE PERMITS

GRANTED UNDER

THE ACTS FOR THE ARMED OCCUPATION OF FLORIDA.

[TO ACCOMPANY SENATE DOCUMENT No. 39.]

Statement showing "what cancellations of permits issued under the act for the occupation of the Florida peninsula have been ordered by the Commissioner of the General Land Office; the dates and other particulars of said permits; and the grounds upon which they were cancelled."

NEWNANSVILLE.

No. of permit.	Date of permit.	Name of settler.	Designation of tract.	Causes of cancellation.	No. of permit.
18	1842. Dec. 21	John Curry	W. ½ of NW. ¼ and W. ½ of SW. ¼ s. 25, t. 12, r. 19.	The law requires the settler to take one quarter-section. According to the opinion of a former Attorney General, (Mr. Taney,) "a quarter-section of land is a parcel of land, the form and contents of which are defined and regulated by act of Congress;" and he said, "I do not think that the President can substitute for it other parcels which may be deemed an equivalent in value." (Printed Instructions, &c., part 2d, page 180, No. 118.) And again, in another case, same volume of Instructions, page 183, No. 120, "In my opinion, the location made by the governor was not authorized by the act of Congress. The words 'a quarter-section of land' are, I believe, never used in any of the acts of Congress to denote merely the quantity of 160 acres of land, but are always intended to describe a parcel of land containing 160 acres, which has been set apart and designated by the proper officer of the government as a quarter-section, according to the

A.

WAR DEPARTMENT, *November* 11, 1843.

SIR: The subject of the reservation from sale of the islands referred to in your letter of the 7th ultimo has been referred to the commanding general, and other experienced officers, for reports.

It may be doubted if the occupation of any islands on the coast comes within the spirit of the act of August 4, 1842, for the armed occupation of Florida. Under our present limited knowledge of the importance of the sites referred to in your letter, as to their importance for millitary positions, light-houses, &c., it is deemed safest to continue, for the present, the reservation from sale of all islands on the gulf, as well as the other sites designated and pointed out in the reports of the Adjutant General of the 20th and 28th of September last; copies of which are herewith transmitted.

Very respectfully, your obedient servant,
J. M. PORTER.

T. H. BLAKE, Esq.,
Commissioner General Land Office.

A return has been received from the land officers at Newnansville, showing that the following applicants have failed to comply with the fourth condition and stipulation of the first section of the act of August 4, 1842, requiring them to establish the fact that the settlement has been commenced, &c., and in which the permits will accordingly have to be cancelled.

No. of permit.	Names of applicants.	Designation of tract.	No. of permit.
43	Josiah Seckinger	Southeast quarter of section 2, township 13 south, range 19 east	43
